

**Princeton University**  
**Center for Statistics and Machine Learning - Lecturer**

D-18-SML-00001

The Center for Statistics and Machine Learning at Princeton University seeks applications from outstanding professional instructors to join our faculty in creating and teaching a number of exciting courses in statistics and machine learning.

Depending on the background of the applicant and the needs of the Center, responsibilities may include teaching full courses, giving lectures or leading precepts, supervising graduate student teaching assistants, and participating in course and curriculum design.

Part-time or full-time positions may be available, dependent upon the needs of the Center and the qualifications of the candidate. Appointment(s) will be made at the rank of Lecturer, and will be made through the Center for Statistics and Machine Learning.

**Essential Qualifications:**

Ph.D. in the statistics, machine learning, or related field.

Prior teaching experience at the college or university level.

To apply, please submit a cover letter, CV, and contact information for three references at:

<https://puwebp.princeton.edu/AcadHire/apply/application.xhtml?listingId=2521>

Position will remain open until filled.

Start date is negotiable, but no later than February 1, 2018.

Princeton University is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. These positions are subject to the University background check policy.
